

## Install Instructions for Maya Power Translators for Windows.

- 1) Download install executable using appropriate link
- 2) Run install file on the machine which has your Maya / Studio Tools.
- 3) Choose the installation directory (it should be the root Maya directory).  
For example: c:\Program Files\Autodesk\Maya2000.
- 4) Finish the install.
- 5) Start up Maya (on **Vista "Run as Administrator"**) and go to the File->Import dialog to import using our STEP, IGES, SAT, Rhino formats
- 6) If you encounter any problems please notify us at [support@nPowerSoftware.com](mailto:support@nPowerSoftware.com)
